The to-do app have some of inputs: reminder the time of schedule, reset the done list

_With the reminder feature: timer set by local time, calendar of Google, space to take note tasks, set the repeated times by sec, min or hour, set the alarm modes (silence, private, aloud, ring bell,...)

_For the reset the list: list had been saved before will remove by just a click on icon, plus icon will make another list to-do and refresh icon for redo the to-do list

The to-do app have some of outputs:

_The to-do tasks will alarm when the time come, check done to disabled or mark as completed.

_List to-do tasks will be removed and replaced by new list. The list that has been refresh will list out the tasks and switch on edit modes to rename tasks or set a new time for each one.
